OFFICE OF THE POLICE COMMISSIONER, 154 BERKELEY STREET,
BOSTON, December 1, 1956.

TO HIS EXCELLENCY CHRISTIAN A. HERTER,
Governor of the Commonwealth.

YOUR EXCELLENCY:

In compliance with the provisions of Chapter 291, Acts of 1906, as amended, I have the honor to submit the following report of the activities of the Boston Police Department for the year ending November 30, 1956.

It is a pleasure to express my appreciation to the members of the Department for their loyalty and efficiency in carrying out their assignments.

I extend my sincere thanks to Your Excellency for the support you have given the Department during the past year.

Respectfully submitted,

THOMAS F. SULLIVAN,
Police Commissioner.

AWARD OF MEDALS

The Walter Scott Medal for Valor for 1956 and Department Medals of Honor, as recommended by a Police Board of Merit, will be awarded at the annual ball of the Boston Police Relief Association at the Boston Garden, January 21, 1957, as follows:

THE WALTER SCOTT MEDAL FOR VALOR AND A DEPARTMENT MEDAL OF HONOR TO PATROLMAN JOHN L. HARRIS OF TRAFFIC DIVISION

Patrolman John L. Harris of the Traffic Division is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for meritorious duty performed on November 23, 1955.

About 4.30 P.M., Wednesday, November 23, 1955, while Patrolman John L. Harris of the Traffic Division was on duty at the traffic post at the intersection of Washington and School streets, he was informed by an employee that a holdup was in progress at the cashier's office in the basement of a nearby store. The officer directed his informant to sound a citizen's alarm from the police box and remain there to direct the responding officers. Patrolman Harris then proceeded to the scene of the holdup and, while descending the stairway to the basement office, was shot at twice by one of two men who had completed the robbery and were preparing to leave with a large sum of money. The officer discharged five shots at his assailant who fled through a service entrance. With one unexpended cartridge remaining, Patrolman Harris held the other culprit at gun point until the arrival of additional officers, at which time he was disarmed of a loaded pistol. The company's funds were recovered in their entirety.

DEPARTMENT MEDALS OF HONOR

Patrolman Victor E. Smith of Division Two is awarded a Department Medal of Honor for meritorious duty performed on December 25, 1955.

About 2.30 A.M., Sunday, December 25, 1955, while Patrolman Victor E. Smith was checking buildings on his route, he observed two men acting suspiciously in the vicinity of a gas station. Sensing that something had happened or possibly that it was their intention to hold up the gas station, the officer called them and ordered them to stop, whereupon one of the

men ran towards him holding his hand inside his jacket. The man suddenly produced a revolver and ordered the officer to put up his hands. Patrolman Smith, who had a flashlight in his hand, struck out promptly and knocked the gun from the man's hand, subdued him and took him into custody.

Patrolman Edward L. Flaherty and Leo G. Heffernan of Division Fourteen are each awarded a Department Medal of Honor for meritorious duty performed on January 11, 1956.

About 12.02 p.m., Wednesday, January 11, 1956, a telephone call was received at Division Fourteen that there had been a holdup at a bank in Brighton. The information was telephoned to headquarters and given out over the air. Patrolmen Edward L. Flaherty and Leo G. Heffernan, who were in a cruiser car, responded with other officers and cars. They obtained a description of the holdup man and started a search of the vicinity. Shortly, they observed a man answering the description carrying a green duffle bag. The officers, with drawn revolvers, ordered him to drop it, which he refused to do. Ordered a second time, he started to raise it to a level position. Both officers were now close to the man and suddenly Patrolman Flaherty kicked from the holdup man's hand a 30-30 rifle with five shells in the magazine and one shell in the firing chamber and the gun at full cock, which was concealed in the green duffle bag. Both officers then grappled with the holdup man and subdued him. He was searched for other weapons and in the process the money stolen from the bank was recovered. The holdup man was positively identified by the victims as the one who held them up.

Patrolman William J. Walsh and John A. Vadeboncour of Division Three are each awarded a Department Medal of Honor for meritorious police duty performed on March 18, 1956.

About 4.00 a.m., March 18, 1956, Patrolmen William J. Walsh and John A. Vadeboncour while assigned to a cruiser car were informed of a fire in a dwelling house. Upon arriving at a five-story brick building they found the first floor front hallway engulfed in flames. Patrolman Walsh immediately notified the Bureau of Operations to sound a fire alarm.

Two women were observed trapped in the street-floor apartment behind double windows. The officers smashed the glass and carried both women to safety. They re-entered the apartment through the broken windows and attempted to ascend

the stairway from the first to the second floor, but upon opening the door of the apartment were driven back by a wall of flame and forced into the street. Upon reaching the street the officers observed a man, woman, and boy standing on a ledge at the second floor level. The officers directed the man and woman to lower the boy enabling them to catch him. Then the man and woman were directed to jump and they were also caught by the officers. On arrival of the fire apparatus the officers assisted in removing other occupants, three of whom died in the fire and three more were hospitalized.

WORK OF THE DEPARTMENT

ARRESTS

The total number of arrests, counting each arrest as that of a separate person, was 95,679 as against 98,601 for 1955.

There were 21,318 arrests on warrants and 29,684 without warrants; 44,677 were summoned by the courts.

The number of males arrested was 84,721; of females, 10,958; of foreigners, 1,819; of delinquents, 3,539; of minors, 8,850; of nonresidents, 28,544.

The number of persons punished by fines was 39,933, and the assessment of fines imposed by the courts amounted to \$181,885.

The total number of days' attendance at court by officers was 40,511, and the witness fees earned amounted to \$21,309.65.

There were 22,575 persons arrested for drunkenness, an average of 62 per day, as against 23,891 or an average of 65 per day in 1955.

Two hundred and one were committed to the State Prison; 1,945 to the House of Correction; 49 to the Women's Prison; 132 to the Reformatory Prison; 267 to the Youth Service Board; and 2,482 to other institutions. The total years of imprisonment were 1,992 (440 sentences were indefinite), including 8 life sentences to the State Prison.

The value of property taken from prisoners and lodgers was \$158,908.83.

The value of property stolen in the city amounted to \$3,243,-168.47 and the value recovered amounted to \$2,261,079.74.

Non-residents constituted 30 per cent of all arrests in Boston.

UNIFORM CRIME RECORD REPORTING

DETECTIVE BUREAU

A Detective Bureau was established in the Boston Police Department on November 6, 1950, in accordance with the provisions of Chapter 735, Acts of 1950. Detectives assigned to this Bureau are detailed to the Bureau of Criminal Investigation and the various Police Divisions.

BUREAU OF CRIMINAL INVESTIGATION

The Bureau of Criminal Investigation is composed of several units, namely, Automobile, Ballistics, Chemical Laboratory, Homicide, Lost and Stolen Property, Identification, Missing Persons, Night Motor Patrol.

In addition, special squads are assigned to cover the following phases of police work and investigations: banking, express thieves, general investigation, holdups, hotels, narcotics, pawnbrokers, junk shops, second-hand dealers, pickpockets, shoplifters.

Members of this Bureau investigate felonies committed within the jurisdiction of the City of Boston. They also handle cases of fugitives from justice and conduct hundreds of investigations during the course of a year for various police departments throughout the United States and foreign countries. Further, they cooperate in every way possible with outside police departments in investigation of crime and prosecution of criminals.

AUTOMOBILE UNIT

This unit investigates all reports of automobiles stolen and is in daily communication with police authorities of the

United States and Canada. Many investigations are made in cooperation with the Federal Bureau of Investigation, Post Office Department, and immigration authorities of the United States.

The automobile unit index contains records of cars stolen in Boston, cars stolen in other places, cars reported purchased and sold, cars for which owners are wanted, cars used by missing persons and cars whose operators are wanted for various offenses. Many arrests are made by officers of the department and the automobile unit through information obtained from this index.

All applications for Used Car Dealers' Licenses are investigated by officers of this unit. Frequent examinations are made to ascertain if used car dealers are conforming to the conditions of their licenses.

Using mechanical appliances and chemicals, members of this unit during the year identified a number of automobiles which were recovered or found abandoned on police divisions, restoring them to their owners, and have assisted in solving many crimes by means of their positive identifications.

LOST AND STOLEN PROPERTY UNIT

A description of all articles reported lost, stolen, or found in this city is filed in this unit. Many cities and towns throughout the United States forward lists of property stolen in such places. All pawnbrokers and second-hand dealers submit daily reports of all articles pawned or purchased. A comparison of the description of articles reported lost or stolen and those articles which are pawned or purchased by dealers resulted in the recovery of thousands of dollars' worth of stolen property and the arrest of many thieves.

Pawnshops and second-hand shops are inspected daily for the purposes of identifying property which may have been stolen.

HOMICIDE UNIT

Officers of this unit investigate all homicide cases and interrogate persons involved in or who have knowledge of crimes of murder, manslaughter, abortion, and other violent crimes. They prepare, supervise, and present evidence at inquests.

MULTILITH AND MIMEOGRAPH

Installation of a Multilith machine under direct supervision of an experienced operator enables this department to prepare and complete printing of circulars containing photographs and fingerprints of persons either reported missing or wanted for criminal offenses. This Multilith machine is also used to print department forms.

The original investment in this machine has been repaid many times. This machine has proved to be a distinct advantage in efficiency and speed in the issuance of department circulars, which serve a very important function in the apprehension of fugitives from justice.

The Multilith machine is completely equipped with camera, arc lights, vacuum frame, which add to the varied output of this machine. This machine is capable of printing in approximately two hours' time descriptive circulars of persons wanted. In some instances circulars are completed and mailed to outside cities before a fugitive arrives at his destination.

This unit, in addition to the Multilith machine, has a high-speed electric addressograph machine, and also an electric mimeograph machine. The mimeograph machine is used to make daily manifolds, warrant manifolds, bulletins, circular letters for the Bureau of Criminal Investigation and other units and divisions, and Police School lessons.

The Multilith machine is used to make department forms, letters and circulars.

BALLISTICS UNIT

Personnel consists of members of the Bureau of Criminal Investigation expert in ballistics, explosives and munitions. All evidence found at the scene of crime where firearms or explosives were used is examined. Suspected weapons are catalogued, fired for test and comparison purposes, and spent

bullets and discharged cases from these weapons are filed. Cases involving ballistic evidence are prepared and presented in the various courts.

All department firearms, accessories pertaining to same, and tear gas equipment have been inspected and serviced.

All firearms held as evidence pending disposition by the courts are recorded.

Stolen firearms are traced and whenever possible are returned to the rightful owners. A file is kept on stolen firearms and checks are made against the file at the Lost and Stolen Property Unit and at the files of the Massachusetts Department of Public Safety.

When firearms, property of the United States, are found used in crime or recovered otherwise, such property is returned to the proper military or naval authorities after cases are disposed of by the courts.

This unit works in cooperation with other police departments, federal agencies, military and naval intelligence units.

EMERGENCY EQUIPMENT

All police divisions and several units have on hand a supply of emergency equipment consisting of 12-gauge riot shotguns, ammunition, belts with bayonets attached, bullet-proof vests, tear gas gun kit and assembly, and gas masks which provide complete respiratory protection for the wearer in all oxygen-deficient or highly gaseous atmospheres.

Harbor Police Division is equipped with line-throwing guns and rifles.

Periodic inspections are made and equipment replaced whenever necessary.

BIOLOGICAL CHEMIST

The work carried out in the laboratory is highly varied in its nature, the frequency of any particular type being governed by the circumstances of the cases. A breakdown into types indicates the general scope of the laboratory.

TRAFFIC DIVISION

The commanding officer of the Traffic Division is responsible for the proper regulation of traffic conditions, the safety of the public using the highways, and for the enforcement of all laws, ordinances and rules and regulations relating to traffic in the territory of the Traffic Division from 8:00 A.M. to 12 midnight. At present, the Traffic Division embraces the area included within the boundaries of Divisions One, Two, Three and Four.

THE TRAFFIC PROBLEM

The problem presented by vehicular traffic assumes greater proportions with each succeeding year. At October 31, 1956, the total plates-issued count for the commonwealth reached 1,633,271. One year ago the comparable count was 1,557,109, and ten years ago it amounted only to 976,809.

Based upon an actual count made by the Massachusetts Department of Public Works in 1954, the number of vehicles entering the downtown section of Boston daily is today computed to be 233,452, which figure is equal to one of every seven vehicles registered in the entire commonwealth. Considering the limited number of off-street parking facilities available for the accommodation of such operators as wish to stop and transact business, the enormity of the problem of on-street parking as well as the movement of traffic becomes readily apparent.

PARKING

In combating the illegal aspect of street parking, the Boston Police Department, during the year ended November 30, 1956, issued a total of 556,593 notices of parking violations, all of which were processed through the Traffic Division. Officers attached to the Traffic Division tagged a total of 178,590 of these offenders and, in addition, towed a total of 9,807 illegally parked vehicles during the same period.

Parking fines paid at the Boston Municipal Court during the year ended November 30, 1956, amounted to \$383,651.22. For the same period, parking meter revenue for the entire city amounted to \$522,605.58.

In connection with parking meter revenue, it is to be noted that many vehicles are exempt from the provisions of this regulation and may be parked free of charge. These include commercial vehicles loading or unloading, cars of the Federal,

State and local governments, V-plates and handicapped operators. Currently there are 1,300 V-plates on the road and 438 certified handicapped operators, most of whom are located in Boston or its neighboring cities and towns.

OTHER ACTIVITIES

Construction of several additional off-street parking garages is under way and it is hoped that they will be available for the public during the coming year. Construction activity in connection with the new Fitzgerald Expressway has now entered a critical phase, from a traffic point of view, as work on the Dewey Square section gets underway. Until this portion of the expressway is completed, we will be confronted with a major traffic problem in moving the heavy vehicular traffic which normally passes through this area while providing for the safety of the many thousands of commuters who daily go to and from the South Station.

A full schedule of parades was conducted during the year including the School Cadets, American Legion State Convention, Massachusetts National Guard, Veterans' Day and Rodeo. The Columbus Day parade this year was conducted in East Boston. The National Guard and Veterans' Day parades were conducted on Sundays, thus eliminating in great measure the traffic problems encountered when these parades are held on such days as business houses remain open.

Escorts were provided for many distinguished visitors to our city, included among whose number were former president Harry S. Truman, Hon. Adlai E. Stevenson, Hon. Estes Kefauver, Hon. Harold Stassen, the Ambassador from Haiti, the Ambassador for the Federal Republic of Germany, the Irish Deputy Prime Minister, the Esquire to the Lord Mayor of London, several distinguished senators, actors Ed Sullivan, Jackie Gleason, Eddie Cantor and Bob Hope, and historical quiz winner from Italy, Miss Ferraro.

Traffic details were provided for several multiple alarms of fire, political rallies and parades, various fund drives and many other events of public interest. On January 31, 1956, a major traffic detour was placed in effect to provide for the movement of traffic during the construction of the Dewey Square section of the new expressway. It will remain in effect until the completion of this section of the roadway.

During the past year the officers of the M-I Safety Squad visited a total of 304 public, parochial and private schools, in bringing their message of safety to the school children of Boston. Fifty-two tape-recorded safety skits were prepared with the school children and were presented over the radio through the facilities of Station WMEX. Other activities of the squad included appearances in connection with the opening of Playland on the Boston Common, the Park Department "Institute," the Fishing Rodeo, parade duty and special escort assignments.

BUREAU OF OPERATIONS

DUTIES

The Bureau of Operations has control of all communications equipment, consisting of telephone, teletype, radio and telegraph, and through its facilities has directed movement of radio cars, police boats and ambulances.

ACCOMPLISHMENTS

During the period from December 1, 1955, to November 30, 1956, personnel of the Bureau of Operations managed transmission, reception and handling of:

314,576 outgoing telephone messages and 4,460 toll calls made by the department through our switchboard.

Approximately 443,583 emergency telephone messages received and handled at the "Turret" through either "DE 8-1212" or the department intercommunicating system.

Approximately 428,721 telephone messages received through our switchboard, many of which were transferred to the "Turret" for handling.

188,678 teletype messages and 775 telegrams were processed; 11,709 of these teletype messages related to missing persons.

10,887 automobiles and registration plates were reported lost or stolen and 7,323 were reported recovered.

467,346 radio messages were sent, including "Sound Scriber" recording of same.

Five (5) main transmitters (Station KCA-860, 2 at Police Headquarters and 3 at Suffolk County Court House); 2 emergency transmitters at White Stadium, Jamaica Plain, for

civilian defense; two-way radio equipment in 111 automobiles; 30 combination patrolwagon ambulances and 4 boat transmitters and receivers; 36 wired broadcast amplifiers; 8 pickup receivers and 9 receivers on motorcycles were maintained and kept in repair by members of this unit.

An inter-city radio transmitter and receiver which is tuned in to a frequency with the State Police, Metropolitan Police, Arlington, Barnstable County, Brookline, Cambridge, Newton, Quincy, Reading, Revere, Wakefield and Watertown is now in operation in this unit and is used for emergency messages with those departments.

An inter-departmental radio transmitter and receiver is in operation between the several stations or divisions of this department to be used in case of emergency such as failure of communication facilities due to weather conditions.

A radio shop is attached to the Department Automobile Maintenance Shop, where a 24-hour daily service is maintained.

CRIME PREVENTION BUREAU

The Crime Prevention Bureau operates for the prevention of delinquency among juveniles, and maintains a program of rehabilitation for maladjusted children.

DUTIES IN GENERAL

1. Develop a program of crime prevention, intended to eliminate factors that induce criminal tendencies among children.

2. In this program, enlist aid of the public, interested agencies, and divisions and units of this department.

3. Teach good citizenship, develop a proper mental attitude of citizens toward law-enforcement agencies, and especially educate the public and the police in the problem of crime prevention and suppression.

4. Determine persons and places which in any way contribute to delinquency of children; investigating and taking necessary action to correct such conditions.

5. Supervise and inspect places of public amusement.

6. Promote welfare of children, the sick, the aged and the needy; locating missing persons.

7. Investigate cases concerning boys and girls and assist in the investigation of cases where women are involved.

POLICE SIGNAL SYSTEM

SIGNAL BOXES

The total number of boxes in use is 573. Of these 528 are connected with the underground system and 45 with the overhead.

MISCELLANEOUS WORK

In the past year employees of this service responded to 2,133 trouble calls; inspected 573 signal boxes; 16 signal desks; 18 motor generator sets; 440 storage batteries. Repairs have been made on 98 box movements; 16 registers; 85 locks; 16 time stamps; 16 vibrator bells; 38 relays; 36 electric fans; 24 motors; 20 generators. This unit is responsible for the installation and maintenance of all electric wiring and equipment at all police buildings.

Connected with the police signal boxes are 64 signal, 573 telephone and 83 blinker-light circuits.

The Signal Service unit supervises all telephone and teletype installations and minor teletype repairs throughout the department. It also maintains 48 headquarters-to-station house telephone circuits; 18 teletype-writer circuits, 18 radio-wired broadcast circuits, 6 radio-car response circuits; a circuit, with equipment, at the Charlesbank station of the Metropolitan District Police; also a circuit, with equipment, in booth at the East Boston end of the Sumner Tunnel; and the intercommunication units throughout the department.

On December 1, 1955, there were 12 saddle horses in the service, attached to Division 16. During the year, two (2) horses were retired to the Mass. S. P. C. A. Rest Farm. At the present time there are ten (10) horses in service.

HACKNEY CARRIAGES

Chapter 392 of the Acts of 1930, as amended, limits the number of licenses to set up and use hackney carriages in the City of Boston to 1,525.

During the police year, December 1, 1955, to November 30, 1956, due to changes of ownership and regrants, a total of *2,087 licenses were granted.

There were 255 articles, consisting of umbrellas, coats, handbags, etc., found in carriages during the year, which were turned over to the office of Inspector of Carriages. One hundred thirteen of these were restored to the owners, and the balance of 142 placed in the custody of the Property Clerk.

The following statement gives details concerning public hackney carriages, as well as licenses to drive the same:

Public Taxicab Stands

There are 478 established public taxicab stands, with capacity for 1,218 cabs, at the present time.

Private Hackney Stands

Chapter 392 of the Acts of 1930 provides for the occupation of private hackney stands (that is, upon private property) by licensed hackney carriage owners.

During the year, 26 applications (capacity, 411 carriages) for such private hackney stands were granted.

Sight-Seeing Automobiles

During the year ending November 30, 1956, licenses for 18 sight-seeing automobiles were granted.

There were 28 sight-seeing drivers' licenses granted.

Hackney Carriage Violations

During the past year, 562 tags were issued to taxicab drivers for various violations. Fifty-five penalties were imposed, which included 40 revocations. This system of discipline has continued to result in relieving courts of many minor cases which would tend to congest their dockets.

The Election Commissioners sent to the Police Department for delivery 9,973 summonses to persons for jury service.

SPECIAL POLICE

Special police are appointed to serve without pay from the city, on a written application of any officer or board in charge of a department of the City of Boston, or on the application of any responsible corporation or person, to be liable for the official misconduct of the person appointed.

“New” applicants for appointment as special policemen for the year commencing as of April 1, 1956, were fingerprinted by the department, as has been the custom, and their records, if any, searched for by the Bureau of Criminal Investigation.

During the year ending November 30, 1956, there were 1,123 special police officers appointed; 2 applications for appointment were refused for cause; 8 appointments were canceled for non-payment of license fee; and 8 appointments were canceled for other reasons.

Appointments were made on applications received as follows:

From corporations and associations	635
From theaters and other places of amusement	193
From city departments	267
From churches	21
From private institutions	7

PROPERTY CLERK

The Property Clerk's Office is charged with the care of all police buildings, lost, stolen and abandoned property, money or other property alleged to have been illegally obtained, and all articles and property taken from persons arrested for any cause. In its custody are also placed all seized liquor and gaming implements which come into the possession of the Department.

All orders for supplies, building maintenance, uniforms and equipment are issued by this office.

During the year 149 motor vehicles came into custody of this office, 46 vehicles were returned to legitimate claimants and 131 vehicles were sold at public auction. There are now 78 motor vehicles in custody.

A maintenance shop for the servicing of department automobiles is in operation on a 24-hour basis. During the year, on 6,413 occasions, department cars were repaired and, on 1,782 occasions, cars were serviced. Ninety-five department cars and 156 privately-owned cars were towed by the department wrecker. The department operates a motorcycle repair shop where, on 417 occasions, motorcycles were repaired and serviced during the year.

The Supervisor of Automotive Equipment is responsible for the inspection of all department vehicles, all garages in the various divisions, and is required to investigate and report on all accidents involving department vehicles.
